AMERICAN BROWN ALE

## SLIGHTLY ROASTED SLIGHTLY SWEET

Pitboss Brown Ale is a medium-bodied beer with a slightly roasty, slightly sweet maltiness that gives it a natural nutty flavor profile. Four types of hops add a spiciness with notes of smokey, oaky goodness and smooth orange citrus to perfectly balance this fall season release.

## FOOD PAIRING

This smooth, smokey, roasty brew pairs well with:

*Gouda cheese, brisket, roasted squash and Duck boats. If you're not on the water, grab one and sit by the campfire and let the reminiscing begin.*
