

POOR MAN'S IPA

Paying homage to our local sportfishing boats as well as those who travel from afar making Ocean City, MD a prime fishing location on the Atlantic coast. We named this brew Poor Man's IPA. The Poor Man's Canyon is a hot spot for deep sea fishing off the coast of Ocean City Maryland. The fishing spot is easily accessible for big sportfishing boats looking to catch pelagic species like marlin, mahi and tuna. It is a popular spot for contestants in the annual White Marlin Open tournament.

A GOLDEN IPA that's complexity is due to four separate additions of 6 hop varieties. It's floral beginning is complemented by intense tropical and citrus aromas achieved by dry hopping with the finest hops from the west coast.
