

WHITE MARLIN PALE ALE

We named this beer White Marlin Pale Ale, paying homage to our local fishermen as well as all fishermen who travel in from all over the world to compete in the largest and richest billfish tournament in the world, making Ocean City, Maryland a world class destination.

LIGHT. SMOOTH. FULL FLAVORED.

This is our interpretation of a true American style pale ale. It has a light amber color and a smooth, full-flavored taste with a crisp finish. We brew this exceptional ale with pale, caramel, and wheat malts and aggressively-hop with a blend of 3 hop varieties in 3 separate additions providing a clean bitterness. This is a great beer for anytime of the year. Enjoy!
